2. Student Mentoring (17-08-2022)

NETAJI SUBHAS CHANDRA BOSE MAHAVIDYALAYA
(Affiliated to West Bengal State University)

The Concept:

The College has developed a well-structured Mentor-Mentee system. The mentor is one resort for a student where one can seek knowledge, guidance and support at all times. The mentor bridges the communication gap between parents and management by regularly updating the parents about the student's progress and updates from the college.

The Process:

1. Regular meetings are held between mentor and mentee.
2. The mentor keeps a record of all the names and contact details of his/her mentee.
3. The mentor gives personal attention to the mentee for their academic or stress related issues.
4. The mentor gives advises, suggests measures, contacts the guardian if necessary.
5. The mentor may also seek the help of professional counsellors if it is necessary.
6. The record is kept for future references, although the data is treated as extremely confidential.
7. Students are allowed to approach the mentor for both academic & personal problems, through telephone, Whatsapp, messaging or by meeting the mentor personally.
8. The system has helped bridging the gap between the teacher and the student.

Session 2022-23

Department of History organized a E-lecture on “Lost Childhood: The Tragic Reality of Child Labour and Abuse” to address the issue of child rights in India for the 6th semester students. The resource person of the E- lecture was Dr. Shree Chatterjee, Assistant Professor, Department of Education, Netaji Satabarshiki Mahavidyalaya. It was conducted on June 12,2023 which is dedicated to raise awareness about the issue of child labor and children rights worldwide. The speaker talked about child laborers, whom we found everywhere of this country like in tea stalls, in rail stations as forced beggars, domestic service, in labour industries like brick kilns, firecrackers, fisheries and mining. Their childhood becomes horrible when at this mild age (when they belong in schools) they face physical and mental abuse, including sexual

exploitation. These exploitation can leads them to severe depression and behavioral disorder. To protect the children of India, Government has enacted the Child Labour Amendment Act, 2016. The Act prohibits the employment of children below 14 years and also enacts punishment for employers for violation of the Act. Not only the act, the speaker also discussed with students about various ways to prevent such abuse. She showed some video clippings and discussed in detail that a safe childhood is a basic human right. They should get education instead of working as labours. She made them aware that as Children are human being, their rights are recognized as fundamental human rights. Children's rights protects the healthy development of a child. The children thus have the right to live a joyous life and to develop physically and intellectually. It was a two hours long discussion which was very fruitful for student awareness about human rights. Thirty five students attended the E-lecture and got benefited.
