**Career Counselling Cell & IQAC, Netaji Satabarshiki Mahavidyalaya**  
**in collaboration with Krishi Vigyan Kendra-Ashoknagar**  
**Session 2024-25**

**Course Details:**

Career Counselling Cell, Netaji Satabarshiki Mahavidyalaya introduced an Add-on Course titled “FRESHWATER ORNAMENTAL AQUARIUM MANAGEMENT & CARE”, in collaboration with the college IQAC and Krishi vigyan Kendra, Ashoknagar. The Add On Course was a 40 hours course which was conducted for the 2<sup>nd</sup> semester students of our college. For the benefit of our students The course was offered without any course fees. The aim of the course was to blend academic knowledge with vocational skill based training. It was an initiative to create alternative employment opportunities among our students. The course was Commenced on December 23, 2024 and ended on 11.06.2025. At the completion of the course, examination was taken. 71 students of semester II participated in this add on course. The resource persons of the course were Dr. Anindya Nayek (SMS, Fishery Science, Krishi Vigyan Kendra, N 24 PGNS) and Dipankar Majumdar(research Scholar at KVK). It was conducted by Sukanya Som, convener, career Counselling Cell. The theoretical classes held at NSM but to give students proper field experience the practical classes were arranged at the KVK, Ashoknagar. The students there saw different varieties of aquarium fishes, their maintenance process, aquatic ecosystem set ups etc.

Participants expressed their appreciation for the add on course. They understood it’s practical approach and relevance in contemporary time. This add on course marked another successful step in the college’s initiative to integrate vocational training, practical skill development and self-employment scope reinforcing its commitment to holistic development. Career Counselling Cell members worked dedicatedly for the smooth running of the course.

**Course Outcome:**

- \*Enhancing students’ skills
- \*Enabling self-reliance
- \*Inspiring financial independence
- \*Facilitating earning while learning
- \*Ensuring sustainable growth of man & nature at large
